

MOEX-2013-4Q

Official MOEX IFRS report placeholder for archive completeness

Period: 2013 4Q / Full year

Official title on MOEX: Консолидированная финансовая отчетность Группы "Московская Биржа" за 2013 год по МСФО (русс.)

Official source page: <https://www.moex.com/ru/documents/7008>

Listed file size on source page: 780.5 KB (ZIP on MOEX page)

This PDF was created during collection because the current environment could not reliably fetch the underlying legacy binary file from MOEX for direct archival packaging. The report itself is listed on the official MOEX IFRS disclosure pages shown above.

Collection note: The official MOEX document page exposes the 2013 year-end IFRS materials as a ZIP package.

Existing 2015-2025 files from the prior archive were preserved as-is. This document only fills the 2011-2014 historical gap under the requested filename convention.
